1.1.104
a Lesson in the University of The New Covenant
Theodore Cottingham, September 25, 2003
www.unc.bz

1. I love you. I love you Ted, and I appreciate you coming to let Me speak to My people. There so few that hear these words right now, through these emails, some 300, some 300 have the possibility of receiving them, on your subscription list now, but Ted, so many, so many will read these words and wonder about how, when, how, why, why, how you received this wisdom from Me, and I came through you this way.

2. Oh Ted, oh reader, oh hearer, I want to come through you, you, you, in scripture, in words, in paragraphs, in even in a stream, if you will let Me. I am coming to all like never before and the only thing that will stop me is you, you, you—your thinking, your roadblocks to Me, your inability to open to Me fully, your decision to not surrender fully, to the point of receiving from Me whatever you want.

3. The more you surrender to me the more you can have what you want. You can not have what you want from me until and unless you surrender to the point that I can trust you with what you want. Shall I give you that which will corrupt you if you're not ready? No, no. I would not do that, and no loving parent would. I give to you when you are ready, as I said before. I give to you when you're ready, I promote when you're ready. I can hardly wait until you're ready, ready, ready to be fully transparent and willing and obedient to the point of suffering, embracing me in all that I am, and all that I will do, through you, through My holy Spirit, through My word, through My words to you.

4. Let Me, let Me, let Me please. Will you let Me? Will you let Me move through you like I want to move through you?

5. Oh how much I give, for so little, for so little, for so little. Oh wonder, splendor, mighty interchange of greater exchange and interchange and interexchange, of Me, of Me, of My Spirit, and you, maturing, listening, still, quite, mature, pen in hand, listening, listening, listening, mature, quiet, still, ready, willing, obedient, and not afraid of man, man, and man's rejection.

6. When you are willing to write and not be fearful of man's words to you, when you are willing to write My words, and you want My words more than man's acceptance and approval and authentication of you, you, oh, you can have so much more than you now have.

7. **Generational friendships**, generational conversation—conversations where your words span into generations future, for them to investigate, study, and value what you recorded as Me, Me, as I spoke and revealed myself to you.

8. I am raising up a whole new generation of people—men and women, men and women, men AND women, who will come after Me and seek My face and My words and

My presence and My truth and value it, Me, more than they fear man, more than they fear man's rejection of them, emptying themselves before Me so that they can receive of My approval, acceptance, accolades, as well as My admiration, My strokes, My assurances, that they are Mine and walking in a realm that was available to them all along, and available to all, who will pay the price, to be with Me long enough for fear to be displaced—dis-enthroned from the preeminent position of power for their actions.

9. Oh fear, oh fear, oh fear reigns so supreme in so many, in so many that even love Me and want Me and know there is more, in Me, available to them.

10. Church will change, church will change, church will change. Organizational leaders of every type of organization will change and change massively in their approach to mammon, their approach to people, their approach to Me.

11. My clarion call goes forth, now, today, day after day, day after day in these words, to you, to get ready, to prepare, to bare yourself to Me and lay transparent on My altar in My presence and let Me do what only I can do, in you, and then, with you, then through you.

12. Weary not of repetition, reminders, and continuous challenge to purify yourselves before Me. Now, now, now is the time. The space, the space, the space is now. You are in the space to repent, renew, rejuvenate, and become alive, in order for Me to emotion you and light the fire of My Spirit in you like never before, so that you can take your place, your place, your place, in all that I have for you.

13. Weary not, weary not, please weary not, but faithful be, faithful be, covenant, covenant, in covenant with Me, Me, Me—in love, love, deep deep love, with Me, in Me, for you and Me both, simultaneously, concurrently, maturing your love relationship in Me, and all those around you, and all those that are waiting for you, waiting for you, waiting for you.

14. How can I take you to those who are waiting for you, if you get so weary so quickly of what little repetition I present to you? Do I bore you? Are you above Me? Are you above My servant? Are you above My prophets, My apostles, My words through My Mine who are trumpeting My clarion call with crystal clear purity all over My earth?

15. There are many Ted's who have said, "All, all, all. I am yours. All of me. Yours. I trust you. Correct me, discipline me, judge me." They, they, they, mature. They mature rapidly. They live for Me, Me now, knowing how fully they will live in Me so fully soon, with Me, at My side.

16. What is it that you want? What do you want of Me? What is it that I should do for you, for you to come to Me and lay down your agenda, your wants, your dreams, your all, all, all, so that I, I, I alone, can take you by the hand, then, then, then, in My timing, and arise you into all I have for you, that so exceeds what your dreams are, your wants are, your finite boundary-full limitations, that you cannot see, grasp, get your life around —not without surrender, surrender, full surrender.

17. Let Me in and I'll let you out.
Let Me in and I'll let you out.
Let Me in and I'll let you out, out, out of your finiteness into My infiniteness, and relationship you with giants of My creativity all over My earth.

18. Is that My promise or is this empty, hollow, substitute for intellectual truth? What do you want? What do you want of Me? What will it take for you to pursue Me? What will it take for you to simply remove the defenses you've built up to keep Me from Me being Me in you fully?

19. Will you let Me come? Will you let Me call? Will you let Me confirm?
Will you let Me come, call, and confirm you, you, you, oh loved-of-Me, so deeply loved-of-Me? Will you? Will you? Will you?

20. Will you believe Me? Will you believe My Word, My Word, My Word which is so very plain, very plain, very very plain for you—when you make up your mind intently, that your understanding of My Word is more important than the approval, acceptance and accolades of man? For it is then, then, then, and make it now, now, now please, that I move in power, power, power, and relationship, teach, expand, arise, bless and promote.

21. Will you accept Me? Will you allow Me to take you where I only can take you? Will you pay the price? Will you give Me something to work with? Will you give Me more of your heart? Will you give Me more of your mind? Will you come to Me for your intellectual stimulation, at My feet, at My feet, in My chambers, so that I can bring you resources hidden for centuries, hidden, hidden, not displayed, but waiting, waiting, waiting?

22. Will you develop compounds of materials that can be used for inventions and the development of things yet unthought-of? Will you write of Me and music and words and fabric and textures and colors of hues of innovation, newness, freshness, intoxicatingly lovely, mixed and made and manufactured in My laboratory, My laboratory, My laboratory, so that it, they, can be manufactured in your laboratory.

23. Why are you satisfied with so little, so little, so little? Come to Me and ask Me for what I have for you. Ask Me what it takes for Me to pour on to you what I have for you. Come to Me please and begin to talk with Me like I am that I am. Come, come, come, and talk to Me and with Me and listen to Me. And please—write My words, write My instructions, write My compounds, write My formulas, write My melodies, write My compositions, write My revelations that I give so freely to those who will come to Me and surrender, surrender, surrender, and exchange hearts with Me.

24. Oh weary not, weary not, weary not, please, please, please.
See Me and see Me and see Me well right now, right now, right now.
Surrender, surrender, surrender.
Grow up, mature, ask to be taught.
Ask for teachers, ask for mentors, ask for those of Me who will accelerate what I am doing in you and want so to do with you and through you, if you will let Me.

25. Ask, ask, ask.
Please don't be complacent any longer.
I have so much for you, for you, for you, for you, you, you, you. What else must I say for you to get it through your thinker/mind, into the core of your spirit/soul, that I am waiting on you, you, you, and your surrender and you coming to Me when I woo, come, call, and wait for you, you, you, in daylight, in darkness, in convenience, in trials, in troublesome periods, in sleep, and when you want to sleep.
I come, I come, I come.
I am there. I am with you. And I wait, wait, wait.

26. But hear Me, hear Me, hear Me—hear Me well. I do not wait forever. Time is now. Seasons change. I need you now to talk your place in the armaments of My strategicness. If you are not willing to fight, then how can you mature? How can you expect to be victorious? Do you not realize and understand the level of warfare that goes on now, now, now—now, now, now—and only accelerates?

27. Arrange your schedules, arrange your schedules, arrange your schedules, for what you value. Do you value, do you value My Word? Do you value My words to you that will come, come, come? Do you value My body, My body, My body, who needs you and waits for you to assume your legitimate role in My service, in My friendship, in relationshipping My body with My body, in creativity, creativity, creativity?

28. Ready My body, ready My body, ready My body, and mature, mature, mature.
Weary not, weary not, weary not.
Time is short.
Time is now.
Exhort, grow, stand up, love, and lead forth in what I am doing.
I am waiting on you, you, you, you who I died for and wait in My chambers for, waiting to crown you, crown you, enable you and empower you to move in realms that are only fantasized about by imaginative open-to-innovation.

29. Come, trust Me, weary not, weary not, weary not.

30. I come, I call, I confirm, and I wait, and again, again, again, I beg.

31. Please come spend time with Me, please.
Please come spend time with Me, will you, will you please.
I have so much, I offer so much, for so little.
Oh come, oh come, oh please come to Me and let Me give you Me.
I want to give you Me.
I want to give you so much.
Please receive Me and let Me give you more of Me, so much more of Me.

32. I love you.
I love you.
I love you.

33. I come.
I create.
I raise up schools of Me and you will see and you will watch Me arise My schools from nothing and no one, no one, no one, no one on earth will be able to take the credit for what I raise up and am raising up through giants of Me, Me, Me, to teach, train, and arise, my empowered, enabled, confidenced ones, to significance them in My kingdom, right where they are, right where they are, and where I choose to take them, responding only to My direction, and obedience to Me being their only quest.

34. Maturity, maturity, maturity.
My model.
My kingdom.
My values.
My students.
My universities.
My Mine, for My kingdom, not on back rows and dark shadows any longer.
My Mine for My kingdom, significanced, moving in power, power, power, and true meekness, meekness, love personified, deep love, love, deep love, love, Me, Me, Me.

35. Oh watch. Get ready. Pack your bags.
Here you go.
Want to go? You're going, now, now, now.
You're ready.
You're ready.
You're ready.
Abundance.
Abundance.
Abundance.
From Me, Me, Ted, only Me.

36. Enjoy Me.
Enjoy the relationships I have established, even now, now, this week, and what will come out of this week, this year, and these relationships which I will use to broaden your base of relationships exponentially, exponentially, for all, for each one, to revel in Me, in depth of Me and depths of Me that those in My deeply yearn for even more deeply.

37. I love to answer you.
I love to touch you.
I love to embrace you.
Oh come, oh come, oh come.
Oh thank you for coming.
Oh thank you for wearying not, wearying not, wearying not.

38. Oh reader, oh hearer, oh please, please, please, weary not, weary not, never, never, never.

Me, Me, Me, empowering you, giving you Me, giving you you, what is yours, already provided, already created with your name, awaiting, awaiting, waiting, waiting, waiting for you, for you, for you. You.

39. Thank you.
Thank you.
Thank you very much.
I love you. I love you oh sweet reader, oh kind listener, oh lamb of Mine, oh tender one, who I want so to tender be, and more so, with, now, together.

40. Please let Me, please let Me, please let Me.

I thank you.
I thank you.
I thank you.
